

for rejection and offer assistance to make any necessary changes. The Corporation will reconsider revised applications within 14 working days of re-submission.

(c) To receive approval to use an existing State agency as a Transitional Entity, a State must, first, satisfactorily demonstrate why it is unable to establish a State Commission or AAE, and, second, explain how it will carry out the duties of the State Commission and conduct a broad-based, open and inclusive planning process in a non-political manner. In addition, in order to receive any administrative funds from the Corporation, a State must commit to establish a State Commission or AAE as soon as possible, and prior to the expiration of the 27-month transition period ending on December 21, 1995. Administrative grants will only be given for up to 12-month periods. If a Transitional Entity wishes to receive an additional administrative grant subsequent to the expiration of an initial 12-month administrative grant, that State entity must demonstrate satisfactory progress toward establishment of a State Commission or AAE.

§ 2550.50 What are the composition requirements and other requirements, restrictions or guidelines for State Commissions?

The following provisions apply to both State Commissions and AAEs, except that AAEs may obtain waivers from certain provisions as explained in § 2550.60.

(a) *Size of the State Commission and terms of State Commission members.* The chief executive officer of a State must appoint 15-25 voting members to the State Commission (in addition to any non-voting members he or she may appoint). Voting members of a State Commission must be appointed to renewable three-year terms, except that initially a chief executive officer must appoint a third of the members to one-year terms and another third of the members to two-year terms.

(b) *Required voting members on a State Commission.* A member may represent none, one, or more than one category, but each of the following categories must be represented:

(1) A representative of a community-based agency or organization in the State;

(2) The head of the State education agency or his or her designee;

(3) A representative of local government in the State;

(4) A representative of local labor or organizations in the State;

(5) A representative of business;

(6) An individual between the ages of 16 and 25, inclusive, who is a participant or supervisor of a service program for school-age youth, or of a campus-based or national service program;

(7) A representative of a national service program;

(8) An individual with expertise in the educational, training, and development needs of youth, particularly disadvantaged youth; and

(9) An individual with experience in promoting the involvement of older adults (age 55 and older) in service and volunteerism.

(c) *Appointment of other voting members of a State Commission.* Any remaining voting members of a State Commission are appointed at the discretion of the chief executive officer of the State; however, although this list should not be construed as exhaustive, the Corporation suggests the following types of individuals:

(1) Educators, including representatives from institutions of higher education and local education agencies;

(2) Experts in the delivery of human, educational, environmental, or public safety services to communities and persons;

(3) Representatives of Indian tribes;

(4) Out-of-school or at-risk youth; and

(5) Representatives of programs that are administered or receive assistance under the Domestic Volunteer Service Act of 1973, as amended (DVSA) (42 U.S.C. 4950 et seq.).

(d) *Appointment of ex officio, non-voting members of a State Commission.* The chief executive officer of a State may appoint as ex officio, non-voting members of the State Commission officers or employees of State agencies operating community service, youth service, education, social service, senior service, or job training programs.

(e) *Other composition requirements.* To the extent possible, the chief executive officer of a State shall ensure that the membership of the State Commission is balanced with respect to race, ethnicity, age, gender, and disability characteristics. Not more than 50% plus one of the members of a State Commission may be from the same political party. In addition, the number of voting members of a State Commission who are officers or employees of the State may not exceed 25% of the total membership of that State Commission.

(f) *Selection of Chairperson.* The chairperson is elected by the voting members of a State Commission. To be eligible to serve as chairperson, an individual must be an appointed, voting member of a State Commission.

(g) *Vacancies.* If a vacancy occurs on a State Commission, a new member must be appointed by the chief executive officer of the State to serve for the remainder of the term for which the predecessor of such member was appointed. The vacancy will not affect the power of the remaining members to execute the duties of the Commission.

(h) *Compensation of State Commission members.* A member of a State Commission may not receive compensation for his or her services, but may be reimbursed (at the discretion of the State) for travel and daily expenses in the same manner as employees intermittently serving the State.

(i) *The role of the Corporation representative.* The Corporation will designate one of its employees to serve as a representative to each State or group of States. This individual must be included as an ex officio member on the State Commission, and may be designated as a voting member by the chief executive officer of a State. However, because the Corporation wishes to encourage State autonomy in the design and development of the State plan and in State national service programs, States are discouraged from allowing the Corporation representative to vote. In general, the Corporation representative will be responsible for assisting States in carrying out national service activities.

§ 2550.60 From which of the State Commission requirements is an Alternative Administrative Entity exempt?

(a) An AAE is not automatically exempt from any of the requirements that govern State Commissions. However, there are three specific State Commission requirements which the Corporation may waive if a State can demonstrate that one or more of them is impossible or unreasonable to meet. If the Corporation waives a State Commission requirement for a State entity, that State entity is, de facto, an AAE. The three criteria which may be waived for an AAE are as follows:

(1) *The requirement that a State's chief executive officer appoint the members of a State Commission.* If a State can offer a compelling reason why some or all of the State Commission members should be appointed by the State legislature or by some other appropriate means, the Corporation may grant a waiver.

(2) *The requirement that a State Commission have 15–25 members.* If a State compellingly demonstrates why its commission should have a larger number of members, the Corporation may grant a waiver.

(3) *The requirement that not more than 50% plus one of the State Commission's voting members be from the same political party.* This requirement was established to prevent State Commissions from being politically motivated or controlled; however, in some States it is illegal to require prospective members to provide information about political party affiliation. For this or another compelling reason, the Corporation may grant a waiver.

(b) Again, any time the Corporation grants one or more of these waivers for a State entity, that entity becomes an AAE; in all other respects an AAE is the same as a State Commission, having the same requirements, rights, duties and responsibilities.

§ 2550.70 What are the composition or other requirements for Transitional Entities?

Because a Transitional Entity is by definition contained within a State agency, there are no membership or composition requirements. If a State
